

CURRICULUM VITAE
OF
KUTLWANO
PETERSON MMOLA

FRONT – END DEVELOPER

SUMMARY

As an IT graduate with a focus on web development with MySQL, I also gained valuable experience in virtual reality (VR) development during a 6 month's internship. During this internship, I had the opportunity to immerse myself in the dynamic world of VR technology where I contributed to the design, development, and optimization of immersive VR experiences. Leveraging my programming skills and creativity, I collaborated with a team of VR experts to create compelling virtual environments and interactive applications. This hands-on experience not only deepened my understanding of VR development but also reinforced my ability to adapt to new technologies and work effectively in a collaborative team environment. My time as a VR developer intern has enriched my skill set and broadened my horizons, positioning me as a versatile IT professional ready to take on new challenges in the field of emerging technologies.
